

Health Information Resources for Educators

Brad Brazzeal, Instructional Services Librarian
Mississippi State University Libraries
bbrazzeal@library.msstate.edu

MAGNOLIA Resources

MAGNOLIA is a project that provides Mississippi residents with access to high quality online information resources, and it is made possible through funding by the Mississippi legislature. For more information, visit the MAGNOLIA Training Resources guide at <http://guides.library.msstate.edu/magnolia>.

Health-related MAGNOLIA databases include the following:

- Alt-Health Watch
- Consumer Health Complete
- Health Source: Nursing/Academic

Features

- Direct links to full-text articles may be available
- May have to use Interlibrary Loan
- Alerts by email or RSS feeds

Free Internet Resources

The following free resources provide access to high quality medical information from reputable authorities.

- HealthFinder
 - "... information and tools to help you and those you care about stay healthy."
 - <http://www.healthfinder.gov/>
- Medline Plus
 - Information on medical conditions and drugs, including reference works, tutorials, and videos
 - <http://medlineplus.gov/>
- PubMed
 - Database of biomedical research articles
 - Growing number of free full-text articles
 - <http://www.pubmed.gov>
- Other websites recommended by the Medical Library Association include:
 - [Cancer.gov](http://www.cancer.gov)
 - Center for Disease Control and Prevention (<http://www.cdc.gov/>)
 - [familydoctor.org](http://www.familydoctor.org) (American Academy of Family Physicians)
 - HIV InSite (<http://hivinsite.ucsf.edu/>)
 - KidsHealth (<http://kidshealth.org/>)
 - Mayo Clinic (<http://www.mayoclinic.com/>)
