Attached is the 2002 Library Faculty publications list. As in previous years, this list represents Category 1 and Category 2 publications, as defined in the Library's Promotion and Tenure Document.

This year’s list represents contributions from 17 library faculty members, for a participation rate of 61 percent. Collectively, they published the following:

- Books: 1
- Peer-reviewed articles: 18
- Other: 20

As in previous years, the “other” category represents Category 2 research publications, including professional articles, signed encyclopedia entries and other contributions.
